Food Inspection

Routine Inspection

May 25, 2007

HUBBARD & ASSOCIATES NA, INC.
KAREN'S CLUB ENTERTAINMENT
7330 N 76TH ST
MILWAUKEE, WI 53223

The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Code Number	Description of Violation	Correct By
2-101.11	When the owner or manager is not present, a person-in-charge must be assigned. This person must be knowledgeable of the food code and aware of the responsibilities of the establishment (i.e. right of entry for regulatory authority).	05/25/2007
3-501.16(A)(2)	Container of opened Bloody Mary mix was left out at room temperature. Bottle also had mold growth along the cap. Cold hold all potentially hazardous foods at 41 degrees or less. This bottle clearly stated it need to be refrigerated after opening.	05/25/2007
4-601.11(A)	Unclean surfaces throughout the establishment. Clean and maintain clean all food and non-food contact surfaces. Remove the mouse droppings from the back bar area and sanitize these surfaces.	05/25/2007
5-103.11	Several handwash sinks in the restrooms are not functioning. Restore water to all faucets.	05/25/2007
5-205.15	Plumbing leaks noted in the back bar area. Licensee is has a plumber who is going to begin these repairs.	05/25/2007
6-101.11	The vanities in several restroom areas are delapidated and falling apart. Tiles are loose in the main women's restroom in the back bar area. Repair.	05/25/2007

- | | | |
|-------------------------------------|--|------------|
| 6-501.11 | The following items need to be repaired:
Many ceiling tiles throughout the building are water damaged. Eliminate all sources of leaking and replace all damaged ceiling tile. Floor in the basement bar area has buckled and become uncleanable. Repair the floor. Replace subfloor if necessary. Base cove in the main women's restroom (back bar area) is falling off the wall. Repair the base cove. | 05/25/2007 |
| 6-501.114 | Establishment has large amounts of clutter and unnecessary items throughout the premises. Remove the clutter from the establishment so that these areas do not provide harborage for pests. Anything kept must be kept clean and stored in a manner where it will not hinder cleaning. | 05/25/2007 |
| 6-501.111 | Mouse droppings noted on the back bar area. Remove all evidence of pests and provide effective pest control | 05/25/2007 |
| 4-202.16 | The pipes leading into the floor at the back bar area are coated in a thick slime. Remove this slime from the pipes as it is a growing medium for bacteria and fruit flies. | 05/25/2007 |
| No NonStandard Violations to Report | | |

Inspection Note:

Ceiling tiles in the basement bar are being replaced. Condensate from the pipes caused the damage and is in process of being covered with insulation. Check next survey.
